5 - 2 Day Programmable Universal
2 Heat / 2 Cool

Designer Programmable

Finally, a thermostat that combines Function and Fashion.

Functionally, the 8625-1 Robertshaw thermostat is a Universal Multi-stage product that is compatible with all 24 VAC multi-stage heating and cooling equipment including heat pumps. The 8625-1 comes with all the great features you'd expect with a large backlit display – 80% larger than other competitive models. The 8625-1 operates with a 24V common wire for applications where line power is preferred. This Energy Star rated thermostat is pre-set with an energy saving program but can be easily modified with the touch of a button.

Fashionably, the 8425-1 Robertshaw thermostat can blend with any decor using exclusive Stat-Snaps™ (Custom Clear included with unit). Four styles of faceplates are available: Gloss Black, Antique Bronze, Brushed Stainless, and Custom Clear. The Custom Clear can be painted or wall papered to custom match any decor.

You get all of this in a cool new look. We've delivered the desired "touch screen" appearance - a flush, smooth, easy to clean face – without the high price of a touch screen.

When you select a Robertshaw thermostat, you've made the choice of an industry partner that's been making quality products for over 100 years. Come home to affordable comfort. Come home to Robertshaw.SM

Features and Benefits

Stat-Snap™

The custom thermostat cover that applies in a snap (Custom Clear included with unit).

Larger Back Lit Display

Makes viewing and setting the temperature easy and accurate.

Automatic Compressor Short Cycle Protection

A system safeguard. Reduces wear and tear of HVAC equipment.

5 - 2 Day Programming

Set your weekly program once with four time and temperature settings. The four set points are followed for 5 consecutive days. On the weekend, four different set points can be set for all day comfort.

EER™ (Energy Efficient Recovery)

Increase energy savings. EER™ allows gradual recovery from setback temperature to minimize use of auxiliary systems.

Adjustable 1st and 2nd Stage Temperature Differential

Maintains optimal customer comfort.

Temporary Program Override

Allows for manual temperature adjustment.

Toll-Free Assistance

Toll-Free Technical Service number printed right on the thermostat provides immediate assistance.

Quick Wire Terminal Block

Fast and easy installation. Uses sturdy wire clamps – no wrap-around of screws.

24 VAC POWERED

THE ROBERTSHAW 8625-1 REPLACES:

Robertshaw	9615, 9620
White-Rodgers Company*	1F72-151, 1F81-261 1F82-261, 1F85-275
Honeywell, Inc.*	T8011R
ICM*	SC3201
Braeburn*	5100, 5200

* Verify specific application requirements before substitution.

Specifications

Electrical rating: 24 Volt AC (18-30 VAC)

1 amp maximum load per terminal

3 amp total maximum load

(all terminals combined)

Temperature control range: 45° - 90°F (7° - 32°C)

Accuracy: +/-1°F (+/- .5°C)

Power: 24 VAC

System configurations: Up to 10 wire heat pump - two stage heat, two stage cool systems

Terminations: R, W1, Y1, Y2, O, B, G, L, W2/E, C
